More specifically, our investigation revealed that CenturyLink Communications, LLC, apparently routed and transmitted illegal robocalls as set forth in Attachment A.

The Federal Trade Commission (FTC) works closely with USTelecom's Industry Traceback Group (ITG), which is the registered industry consortium selected pursuant to the TRACED Act to conduct tracebacks. Between December 30, 2020, and September 11, 2023, ITG investigated 80 prerecorded voice message calls that law enforcement, voice service providers using honeypots (i.e., unassigned numbers held by providers to detect illegal robocalls), and customers of YouMail had flagged as illegal robocalls made without consent of the called party. ITG conducted tracebacks and determined that CenturyLink Communications, LLC, routed and transmitted the calls. ITG previously notified you of these calls and provided you access to supporting data identifying each call—including a recording and/or a description of the illegal robocall—as indicated in Attachment A. Further, the numerous traceback notices directed to CenturyLink Communications, LLC, indicate that you are apparently routing and transmitting illegal robocall traffic knowingly. IF YOU ARE ENGAGED IN THESE ACTIVITIES, THEN YOU MUST IMMEDIATELY CEASE AND DESIST FROM ENGAGING IN THEM.

The FTC, the nation's consumer protection agency, enforces the Federal Trade Commission Act (FTC Act), 15 U.S.C. § 45 et seq., which prohibits unfat(g)-10 (e)4 (nc)-6 (y,0)3 (a)41 (c)4don

or telemarketer is engaged in any act or practice that violates Sections 310.3(a), (c), or (d), or Section 310.4 of this Rule." These Sections prohibit, among others, the following conduct:

Making a false or misleading statement to induce any person to pay for goods or services or to induce a charitable contribution (16 C.F.R. § 310.3(a)(4));

Misrepresenting a seller or telemarketer's affiliation with any government entity (16 C.F.R. § 310.3(a)(2)(vii));

Transmitting false or deceptive caller ID numbers (16 C.F.R. § 310.4(a)(8)); Initiating or causing the initiation of calls that deliver prerecorded messages,⁴ unless the person called provided the seller express written permission to call (16 C.F.R. § 310.4(b)(1)(v)); and

Initiating or causing the initiation of telemarketing calls to numbers listed on the National Do Not Call Registry, unless the person called provided express written permission to receive calls from the seller or the seller had an existing business relationship with the person called (16 C.F.R. § 310.4(b)(1)(iii)(B)).

The FTC can obtain civil penalties for TSR violations. Each illegal call is subject to a maximum civil penalty of \$50,120. *See* 16 C.F.R. § 1.98. In addition, a violation of the TSR is a violation of Section 5 of the FTC Act. *See* 15 U.S.C. §§ 6102(c), 57a(d)(3), 45(a). Accordingly, the FTC has authority to seek both preliminary and permanent injunctive relief to address TSR violations. *See* 15 U.S.C. § 53(b). The FTC may also seek the refund of money or payment of damages to address TSR violations. *See* 15 U.S.C. § 57b(b).

Combatting illegal telemarketing is a top priority for the FTC, with a special emphasis on halting illegal robocalls.
